Maximum	16,73,827	2,31,546	7.2x
Minimum	86,830	2,31,546	0.4x

Ref. No	Note
---------	------

1	EV bridge uses consolidated balance sheet book values. Cash and cash equivalents, bank balances, and financial investments are deducted as non-operating liquid assets. No further note-level split is made between operating and non-operating investments; this is a simplifying assumption applied consistently across all companies.
---	--

2	Revenue Growth:
---	-----------------

Hindustan Unilever Ltd	12.30%
------------------------	--------

ITC Ltd	4.20%
---------	-------

Dabur India Ltd	5%
-----------------	----

Tata Consumer Products Ltd	12.30%
----------------------------	--------

3	Revenue and EBITDA based on latest available financial information. Partial-year results
